Dear Sisters,

Happy Easter and blessings in abundance during this beautiful season of hope and new life! We start by offering our thanks to the members of the Wellness Committee for their recent presentations on health, wellness, and aging. The excellent insights offered provide us with a firm basis for the discussions we are planning next week around the topic of our personal capacity to serve as a delegate to the upcoming Chapter.

In preparation for those discussions, we refer you back to our March 20<sup>th</sup> letter and the accompanying Reflection Sheet prepared by Mary Jo Nelson OLVN which posed questions for our discernment. While those questions were of a personal nature, we envision our Zoom discussions together as focusing more broadly on the following:

- 1) How did you feel answering these questions?
- 2) How do you personally assess capacity?
- 3) Do you have any suggestions for a process that we might engage in as we interact with each other around the issue of capacity?

The dates and times of these hour long Zooms are:

**Wednesday April 17 7 - 8 PM**

**Thursday April 18 10:30 - 11:30 AM**

The Zoom links will be sent out prior to the meetings. We request that you register for the meeting of your choice by using the attached registration form.

May we continue to hold each other in prayer and draw strength from our shared belief in the promise of our loving God to be with us always, both individually and as a Congregation of the great love of God and the dear neighbor.

Sincerely,

The Coordinating Group
